Dear Tim,

Just a brief note to say that I've written a letter to the APA membership committee saying that I expect you to pay your dues in the future.

Also, Jean McF called, in a bit of a fluster. She would like to hear from you before sending in her letter. You mean a great deal to her, as you know, and I think you should write in all solemnity. She is a mighty chipper 83.

As ever,

Frank
